

# REVIEWS FOR 2007 FE CIEGA VINEYARD PINOT NOIR

## 93 WINE ENTHUSIAST MAGAZINE

MARCH 2010

“This is a Pinot you have to use your judgment on concerning ageability, because it’s too young now. It’s very jammy-fruity in raspberries, cherries, bacon and cola, with sweet, smoky oak not yet integrated. But it’s a beautifully structured, balanced wine of great integrity, and should develop in the bottle. Best after 2011. *Cellar Selection.* - S.H.

## 95 PINOT REPORT

JUNE 2010

“Medium-deep ruby color; deep, complex, black cherry, plum aromas with meaty, smoky notes; big, rich, deep black cherry flavors with plum, pepper and smoked meat notes; great texture; good structure and balance; long finish. Big, deep and yet silky and exquisitely balanced, this Pinot has so much complexity and pleasure at the same time. Delicious.”

## 91

NOV/DEC 2009

“Bright red. Highly aromatic bouquet displays scents of red and dark berry preserves, cherry skin, anise and dried rose. Deeply concentrated raspberry and cherry flavors are firmed by fine-grained tannins and pick up a suave, spicy character in the glass. The anise note resonates on the long, spicy, focused finish. I’d hold this one for a few more years.” - Josh Raynolds
